TO OUR CUSTOMERS

Our aim is to supply the finest stock of plants and shrubs. The list offered in this book includes the good old favorites as well as many of the new improved varieties which have proved their worth. All plants offered are field grown and the proper age for planting and flowering to assure the greatest satisfaction. We at Springbrook Gardens appreciate the confidence you show by placing orders with us. We do our utmost to warrant that confidence.

Planting seasons are of necessity very short and we greatly appreciate receiving orders in advance either for later shipment or to be called for. Such orders receive our very best attention.

Visitors are welcome at all times. A cordial invitation is extended to all to come see our fields of flowering plants and shrubs. Our Nursery is located on Highway U. S. No. 20 in Mentor, Ohio, just east of Willoughby.

You can order by mail or phone with absolute confidence. We ship promptly at planting time or on any specific date specified. All plants are carefully packed and will arrive in good condition. They should be removed from the box and planted without delay. This is the Nursery Center of the United States and express shipments are handled quickly and carefully.

GUARANTEE: We guarantee any plant we sell to be true to name and in healthy condition. Any nursery stock that may prove untrue to name, we will replace or refund original amount paid.

CLAIMS for error or shortage must be made within five days after arrival of shipment.

SHIPPING: Please give shipping instructions. If no instructions are given, we will forward to the best of our judgment, without assuming responsibility. If wanted by parcel post, include postage charges with your remittance. All prices F. O. B. Mentor, O.

PAYMENT IN FULL should accompany all orders. Your order will be acknowledged when received. Please send check, money order or bank draft. Currency should be sent only by registered mail. Six of any one variety of plants are sold at the dozen rate. Twenty-five or more at the hundred rate. Ohio customers please add 3% sales tax.

HARDY GARDEN LILIES

For Colorful Summer and Fall Bloom

Lilies are the most satisfying of plants grown from bulbs. It may take a year or two for them to establish themselves but once they are settled in a well-drained spot, they increase in quality and quantity each year. Plant them amongst dwarf shrubs and perennials for then the ground will be in cool shade.

AURATUM Each \$1.00, Three \$2.75, Doz. \$10.00

The Gold Banded Lily. For size of bloom, number of flowers and fragrance, there is no equal. When this lily is established, stems from 4 to 6 feet with 5 to 15 flowers appear in late August and September. Wax-like with a band of gold from petal tip to throat with crimson spots.

SPECIOSUM RUBRUM Ea. 75c, Three \$2.00, Doz. \$7.50

A thoroughly reliable showy lily for every well drained garden. The large waxy petals are waved slightly on the edges and recurve well, adding to the gracefulness of the flower. Suffused pink with darker pink spots and lighter pink at the edges. The Queen of the Garden in September and early October. Permanent, graceful and very showy.

TIGRINUM SPLENDENS Ea. 65c, Three \$1.50, Doz. \$5.00

Probably the oldest lily in cultivation. The rigid wooly stems rise to 4 feet or more with dark green leaves and up to 25 nodding salmon red flowers in August and September. Easily grown in any lime-free soil, an ideal plant material for the background of your flower border.

REGALE LILIES

America's favorite lily. Hardy, sweet scented and very free flowering. Great wide open long trumpets blooming in late June and July on 4 foot sturdy stems. Outside of flower is pink, inside pure white with light golden blush in the throat. The ideal lily for every garden.

Large, pure white, amaryllis-like flowers on 18 inch stems. Bulbs should be planted when the ground is warm. They bloom in six weeks or less. Lightly fragrant and easily grown. Plant a few bulbs every two weeks for a longer season of bloom.

LYCHORIS**Hardy Amaryllis****Halli Each \$1.00, Three \$2.75, Doz. \$10.00**

One of the most unusual bulbs in cultivation. In May, Narcissi-like foliage appears and dies down in late June. About a month later 2 foot stems rise from the ground bearing clusters of pink umbels tinged light lavender. Sweetly fragrant. Called the Magic Lily for it reappears in late summer as if by magic.

TUBEROSE**For Clinging Fragrance****The Pearl Three 70c, Doz. \$1.95, 25 \$3.65**

Waxy white spikes of very fragrant bloom from late August on. One spike in a flower arrangement will perfume a room. 2 to 3 feet tall. Plant three in a group amongst your annuals and perennials for the added fragrance give in the garden.

Bedding Plants

For All-Summer Bloom

These annuals are well grown established plants from pots. Unlike flat-grown plants, they have had plenty of room to develop and will grow on successfully after planting in your garden. We take more time and effort to produce pot plants to give you the most successful garden. Ready in late April and May from 2 inch pots.

Garden Spray Material

In answering questions regarding treatment for certain insects and diseases, we recommend various controls. For your convenience, we are stocking these materials:

DDT 25%. A concentrated spray for the control of Thrip and other insects. It is non-poisonous to domestic animals and does not spot foliage or bloom. **½ pint 75c, quart \$1.50.**

DDT 10% DUST. Used where a good duster is available for the control of certain insects. DDT controls Thrip on Gladiolas, most beetles and grubs. **8 ounce 95c, 1 pound \$1.15.**

D-X INSECT SPRAY. An extremely effective and reliable general garden spray. Combines rotenone, pyrethrum and other chemicals to effectively control most pests which attack plant life. Non-poisonous. **1½ ounce 50c, ½ pint \$1.75.**

FERMATE. May be used as a dust or spray, this is a very effective material to combat spore borne diseases such as black spot on roses, rust, rot and blight. A standard fungicide. **8 ounce 75c.**

FLORAL DUST. Controls most insects and diseases if applied before the damage is too advanced. Non-poisonous, this material may be applied as a dust or spray. Use it twice each month during active growing seasons for the most effective control. **8 ounces 79c, 1 pound \$1.15.**

GARDEN SPRAYERS and DUSTERS

- Easy To Operate

OUR AIM

We believe that the best way to build a lasting and pleasant business is to produce the best plants possible and to sell them at a reasonable price.

When you receive a shipment from **SPRING-BROOK GARDENS**, The plants will be carefully packed, all of an even grade of the very finest quality, freshly dug from the fields. Throughout the flowering period, we go through our nursery removing any plant that is not true to name. At digging time when your order is filled, we use only plants which come up to our own exacting standards.

To maintain high standards, the income per acre is reduced but we know that prices must be reasonable to encourage larger plantings of our products. We depend a great deal on our customers recommending our products to others who are interested in flowering plants.

Your continued good will is essential to our continued success.
